

SUGGESTIONS FOR LOCAL ACTIVISM

Please find below a list of suggestions on local activism,

- Leaflet Handouts and Letterbox Drops - Leaflets can be distributed outside local shops directly into peoples hands or dropped into letter boxes.
- Local Community Meetings - if you feel informed enough on the issue, invite the public to a community meeting where you can openly discuss the concerns and answer questions from local people. This is about creating discussion and engaging with members of the public.
- Car stickers- A smaller initiative would be to print the logo onto a sticker for car boot/bumpers. Very simple way to get the word out to drivers behind you.
- Local Information Stalls- These are a very effective way to connect with people on the ground.
Holding a stall requires excellent interpersonal skills when dealing with members of the public on such contentious topics.
If you want to set up and run an information stall in your local community, please contact us and we will provide workshops and training on how to run a stall successfully.
- Alternatively volunteers can come up with their own initiatives and suggestions using the #STOPtheTREATY logo and flyers. If you have a suggestion please send an email to stopthetreaty@gmail.com for review and we will provide support where possible.

Thank you for your efforts to spread the word on this important issue, if you have any queries or questions please do not hesitate to contact us at stopthetreaty@gmail.com
